

DDLFC FUELS
DANIELSON, CONNECTICUT

DDLFC Fuels of Danielson, Connecticut is a retail fuel oil and diesel storage terminal. It has a service center for heating and cooling sales, installations, and repairs. The facility eliminated its use of chlorinated solvents, and invested in equipment upgrades to prevent releases. In the future, the facility plans to reduce particulate emissions, reduce energy use, adopt a fill and labeling policy for new customers, and re-use oil waste as heating fuel.

ENVIRONMENTAL PERFORMANCE

Past Accomplishments

The DDLFC Fuels facility demonstrated its commitment to environmental performance in the areas of solvents use and investments to prevent releases. Since 1999, the facility has:

- C **Reduced use of hazardous materials** by replacing approximately 15 gallons/year of chlorinated solvents used for equipment cleaning and maintenance with non-chlorinated, non-hazardous cleaning materials.
- C **Reduced vulnerability for releases** by investing in voluntary facility and equipment upgrades.

Future Commitments

The DDLFC Fuels facility also committed to continued environmental improvement through additional reductions in air emissions, reductions in energy use, further investments to reduce vulnerability for releases, and reductions in solid waste. By 2003, the facility will:

- C **Reduce emissions of particulate matter** by promoting preventive maintenance inspections.
- C **Reduce energy use** by promoting preventive maintenance inspections of heating units.
- C **Reduce vulnerability for releases** by adopting a new fill inspection and labeling policy for at least 70% of new customers.
- C **Reduce oil waste** by about 60% through re-using it for heating fuel.

COMMUNITY OUTREACH

The DDLFC Fuels facility provides its Spill Prevention, Containment, and Countermeasure Plan to the Local Emergency Planning Commission, and has designated the General Manager as the point of contact for community concerns. The facility is setting up a web site for general company information and for environmental information. The Performance Track annual report will be available on the web site.

AT A GLANCE

Industry Sector:	SIC 5983
Business:	Retail fuel oil storage
Facility Employees:	Fewer than 50
Accomplishments:	Reduced hazardous material use Reduced releases
2003 Commitments:	Reduce particulate emissions Reduce energy use Reduce releases Reduce hazardous waste
Address:	84 Shepard Hill Road Danielson, CT 06239
